

KRUSHAK ODISHA

User Manual

1. OVERVIEW

Odisha is a state in which majority of its population is dependent on agriculture for livelihood. It is essential that the state has a transparent view of all farmers of the state including cultivators and sharecroppers. This is important for various reasons, from streamlining schemes and service delivery to long-term farmers' welfare, among others. So, the Department of Agriculture and Farmers' Empowerment (DA&FE), Government of Odisha has desired creation of a Unified Farmers' Database to have all the farmer related information into a single database who are availing benefits under the different schemes implemented by the state government. Unified farmer Database would help in removing redundancies, verifying discrepancies and reducing duplicity in records as well as fields within the records for the state as one of the activities outlined under the Hon'ble Chief Minister's vision of 5T Technology, Teamwork, Transparency, Time and Transformation.

The Department of Agriculture and Farmer Empowerment (DA&FE) aims at creating a Unified Farmer Database in the name of Krushak Odisha Portal which will help in achieving the below mentioned objective. In this context and based on the requirements gathered, the following functionalities are considered to be within the scope of the project. The project helps to digitize the farm economy and to store unified farmer data in the Krushak Odisha, Odisha's farmer database.

2. HOW TO GET STARTED

2.1 LOGIN TO THE WEB PORTAL

To access the application, enter the URL in the internet browser. You are navigated to the login screen wherein you have the option to login into the application entering your valid Aadhaar num, Fig. 2-1-

Figure 2-1 Welcome Screen

2.2 SIGN IN

For a new farmer registration wherein the Aadhaar number is not registered with Krushak Odisha, on entering the 12-digit Aadhaar number for the first time, you will get an Aadhaar verification alert message, refer Fig. 2-2:

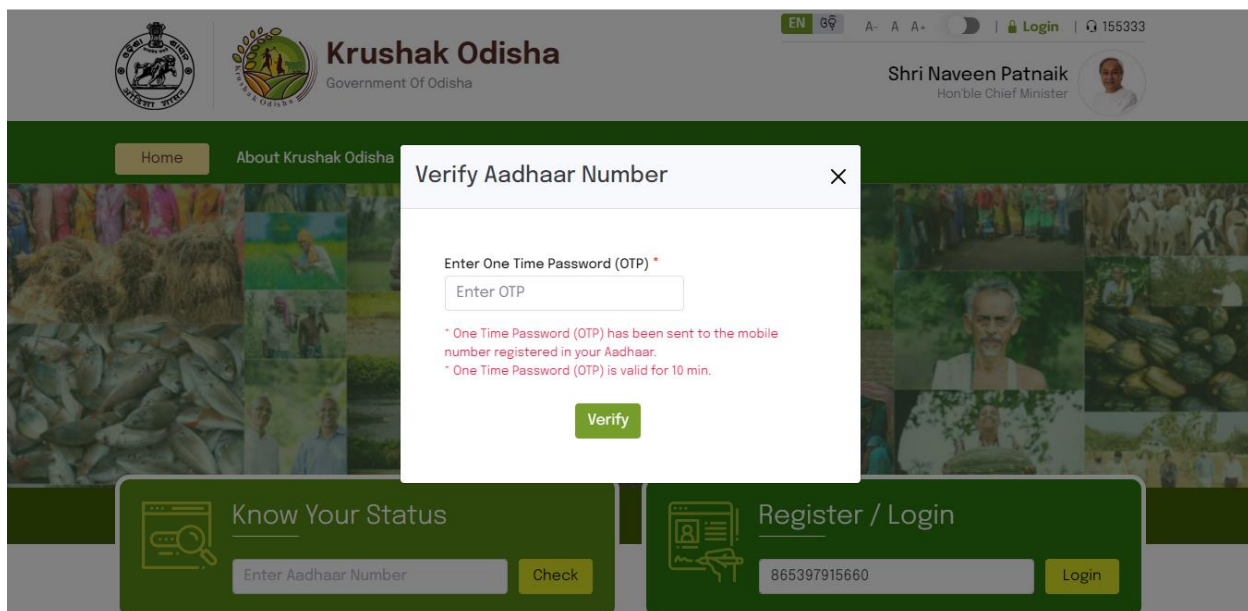

Figure 2-2 Aadhaar Verification Screen

On entering the Aadhaar number in the textbox given, a 6-digit system generated OTP will be sent to the Aadhaar registered mobile number of the farmer.

This OTP is valid for 10 minutes only after which the same will expire.

On entering the OTP in the textbox given, click the Verify button to confirm the digits entered.

Note:

In case the farmer's mobile number, against his Aadhaar, is not registered or invalid, then he needs to update the same in the UIDAI (uidai.gov.in).

On successful login by a new farmer, you land onto the farmer dashboard, refer Fig. 2-3:

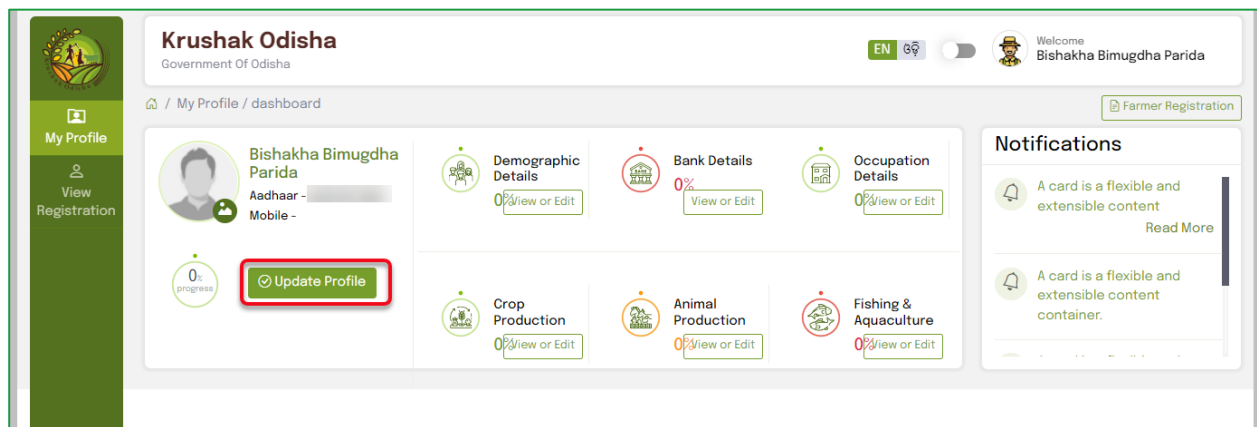

Figure 2-3 Farmer Dashboard

To update the profile details of a new farmer, click the Update Profile option as highlighted in Fig. 2-3 above:

Demographic Details Bank Details Occupation Details

Applicant Name: Bishakha Bimugdha Parida
Aadhaar Number: [Redacted]

Gender: Male Female Transgender
Date of birth (As per Aadhaar): [Redacted] June [Redacted]

Mobile No * Own Mobile Yes No

Secondary Mobile number Marital Status *

Social Category *

Residential Address
District * Block/NAC/ULB * Gram Panchayat/Ward *

Village * Address
Characters Remaining 0/200

Please upload your recent colour passport size photo with a clear or light background and without mask and sunglasses. (Only .jpg, .jpeg and max. size 50kb)

Figure 2-4 Verify Mobile Number Screen

Enter the primary mobile number of the user in the textbox given and click the Verify button to validate whether the mobile number entered belongs to the respective user or not.

Doing so, an alert message is sent to the respective user asking whether to update the primary mobile number or not. Refer Fig. 2-5:

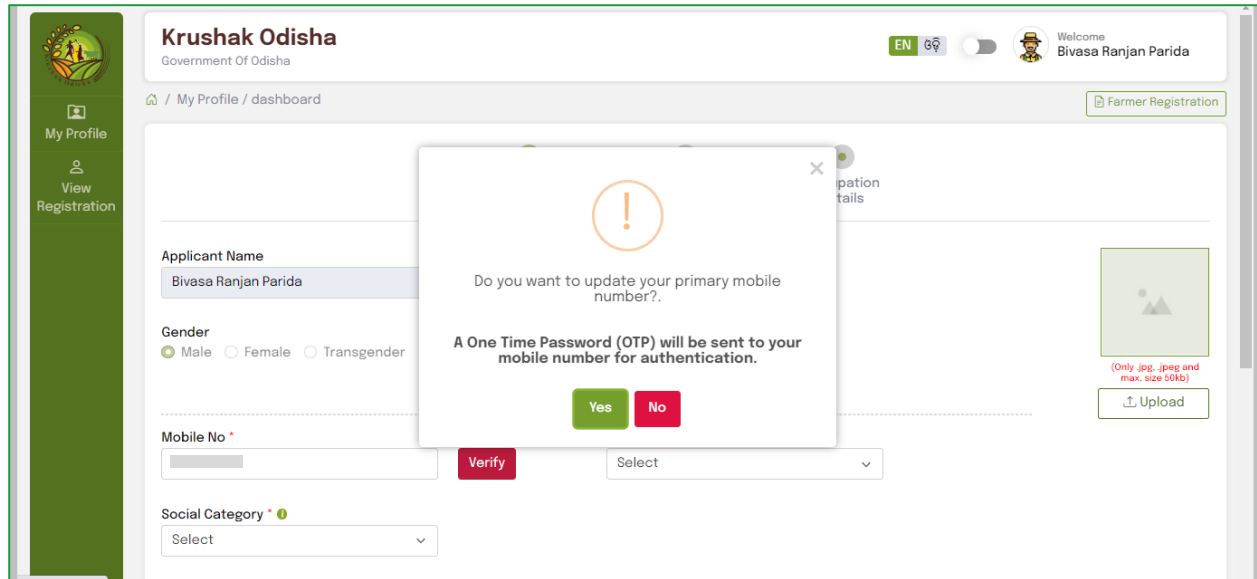

Figure 2-5 Mobile Number Update Alert Message Screen

Click Yes, if the OTP is to be sent to your mobile number for authentication, else click No.

If Yes is chosen, an OTP is sent to the primary mobile number of the farmer as entered above. Enter the 6-digit OTP received in the textbox and click the Validate button. Refer Fig. 2-6:

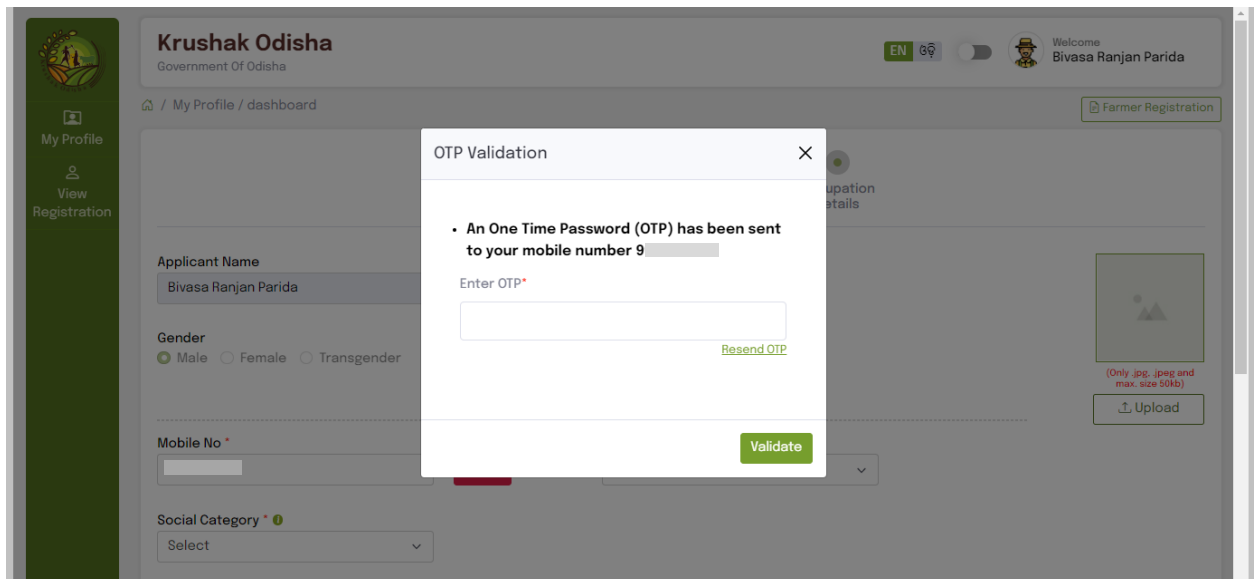

Figure 2-6 OTP Validation Screen

The OTP received is validate for 10 minutes. If you do not receive the OTP within 10 minutes, then click the Resend OTP option.

Once the primary mobile number is validated, the system gives a message that the mobile number is verified successfully.

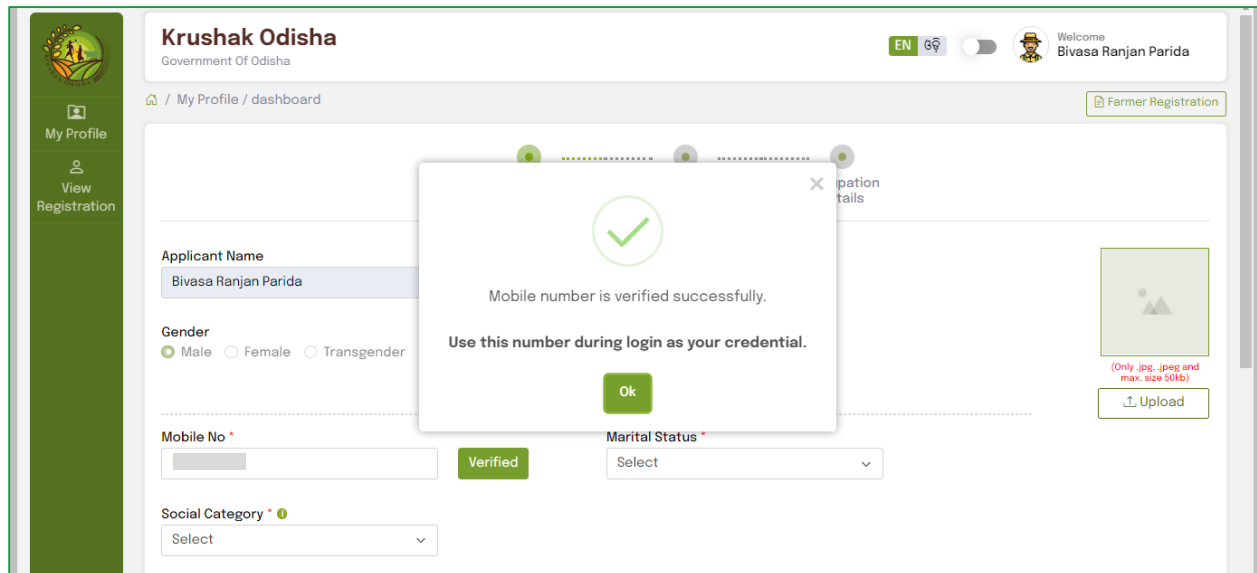

Figure 2-7 Success Message Screen

This primary mobile number will be used by the farmer as a login credential. Click OK to proceed.

KYC is done once you give Aadhaar Number, enter OTP & register.

Please Note:

If the registered mobile number with Aadhaar is invalid, then the user needs to update the mobile number in Aadhaar.

2.3 LOGIN

To login into the Krushak Odisha portal if the Aadhaar of the farmer is already registered, follow the steps given below:

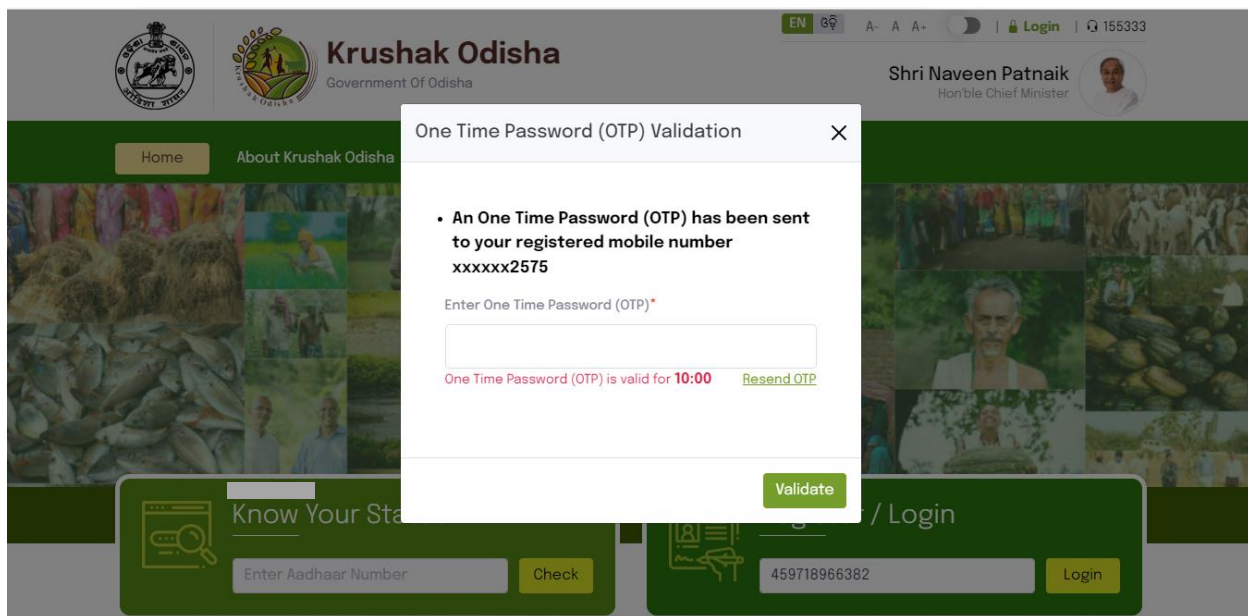

Figure 2-8 OTP Validation in Primary Mobile Number Screen

On entering the registered Aadhaar number in the textbox given, an OTP is fired to the primary mobile number of the farmer.

The farmer receives a 6-digit system generated OTP in its primary mobile number. This OTP is valid for 10 minutes only after which the same will expire.

On entering the OTP in the textbox given, click the Validate button to confirm the digits entered.

On validating, you will land onto the farmer dashboard.

If the farmer doesn't has a primary mobile number/or it is incorrect, then the same can be updated under Update Profile section.

3. DASHBOARD

On successful login, you will land onto the Krushak Odisha dashboard displaying the data completion percentage of the farmer with respect to demographic details, residential details, bank details, crop production, animal production and Fishing & Aquaculture, etc. at the time of registration under Krushak Odisha Portal. Refer Fig. 3-1:

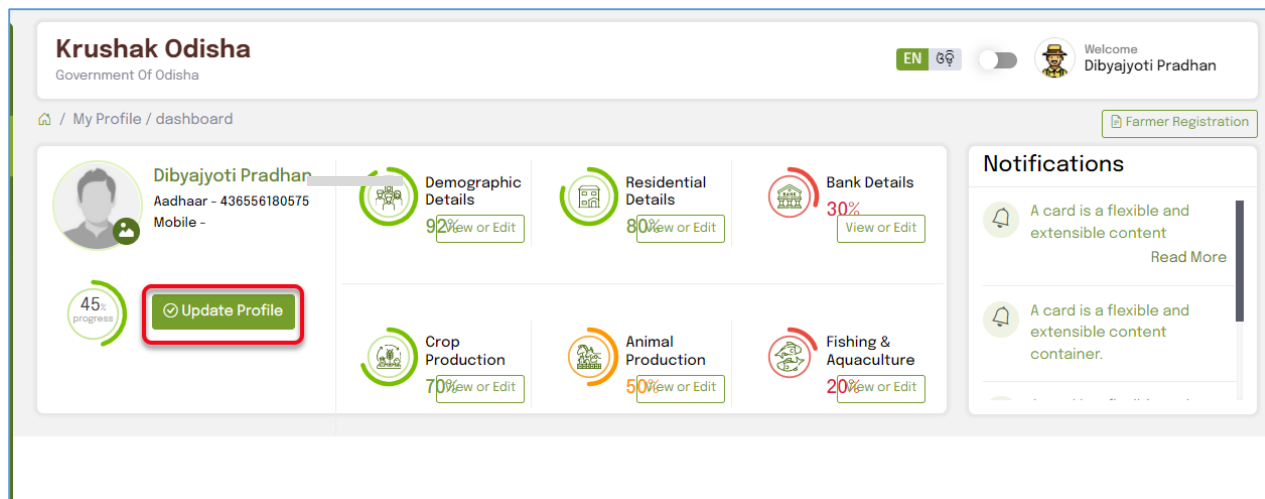

Figure 3-1 Dashboard

The dashboard showcases the Notifications received by the user with respect to the farming details.

The details and status of the grievances lodged by the farmers is displayed.

In the dashboard displayed, you can update the user profile details by clicking the Update Profile option as highlighted in Fig. 3-1.

Figure 4-1 Applicant Profile Screen

Referring to Fig. 4-1, the name of the applicant, its Aadhaar number, gender, date of birth and Mobile Number is auto-populated in the respective fields.

4.1 UPDATE MOBILE NUMBER

In case of a new farmer registration, if the user logs out of the farmer's profile without updating its mobile number, then on next login the system asks to update the same.

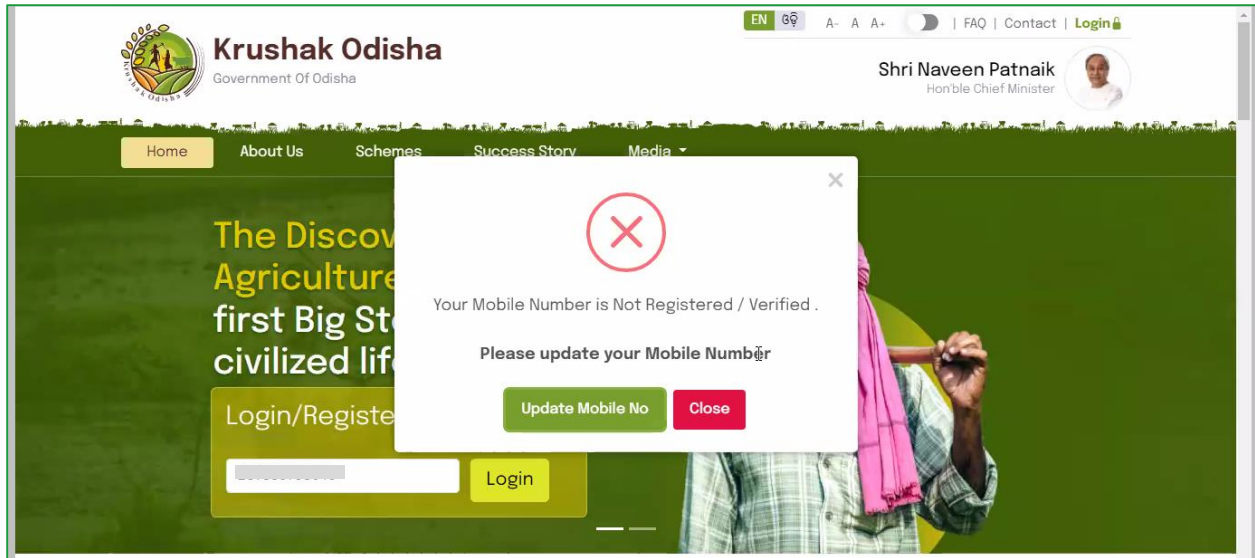

Figure 4-2 Mobile Number Not Registered Alert Message Screen

The system gives an alert message asking the user to update your mobile number which is not registered yet.

Click the Update Mobile No. button to proceed with updating the primary mobile number of the farmer to be registered-

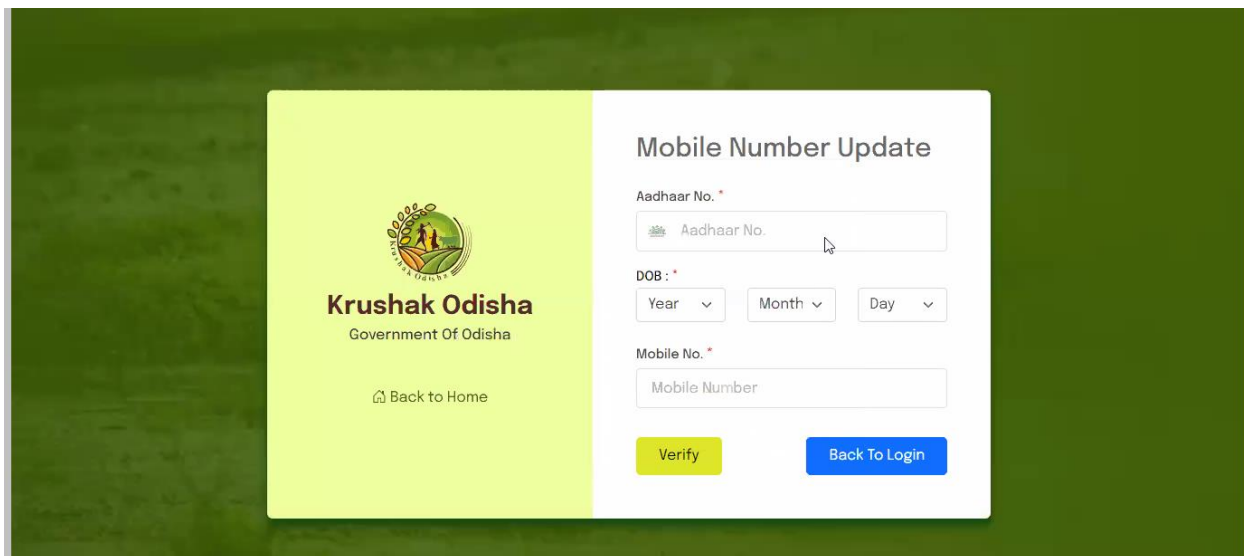

Figure 4-3 Mobile Number Update Screen

With reference to Fig. 4-3:

- Enter the registered Aadhaar Number of the farmer in the textbox given.
- Enter the Date of Birth of the farmer in terms of Year, Month and Day from the respective fields.
- Enter the assigned Mobile Number of the farmer in the textbox given.
- Click the Verify button to validate mobile number with the farmer's Aadhaar number entered.

Doing so, a 6-digit One time Password is sent to the mobile number provided.

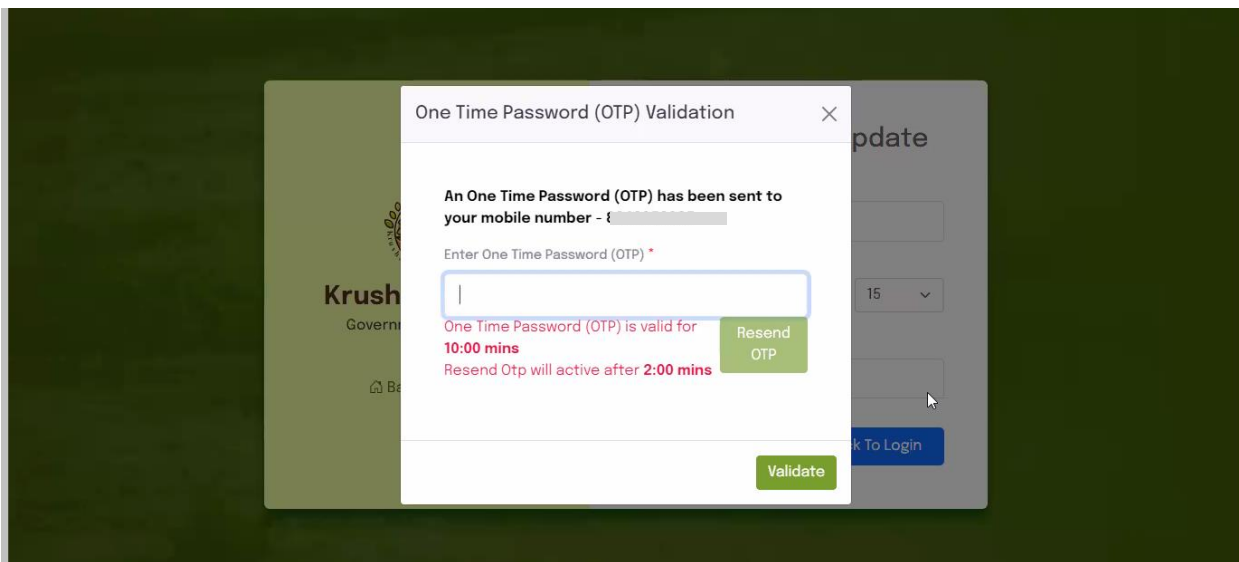

Figure 4-4 OTP Validation Screen

Enter the 6-digit OTP in the given space which is valid only for 10 mins.

If you have not received the OTP within 10 mins, then click the Resend OTP option wherein the Resend OTP will be activated after 2 mins.

Click the Validate button on entering the OTP.

After the OTP is validated, you are navigated to the dashboard.

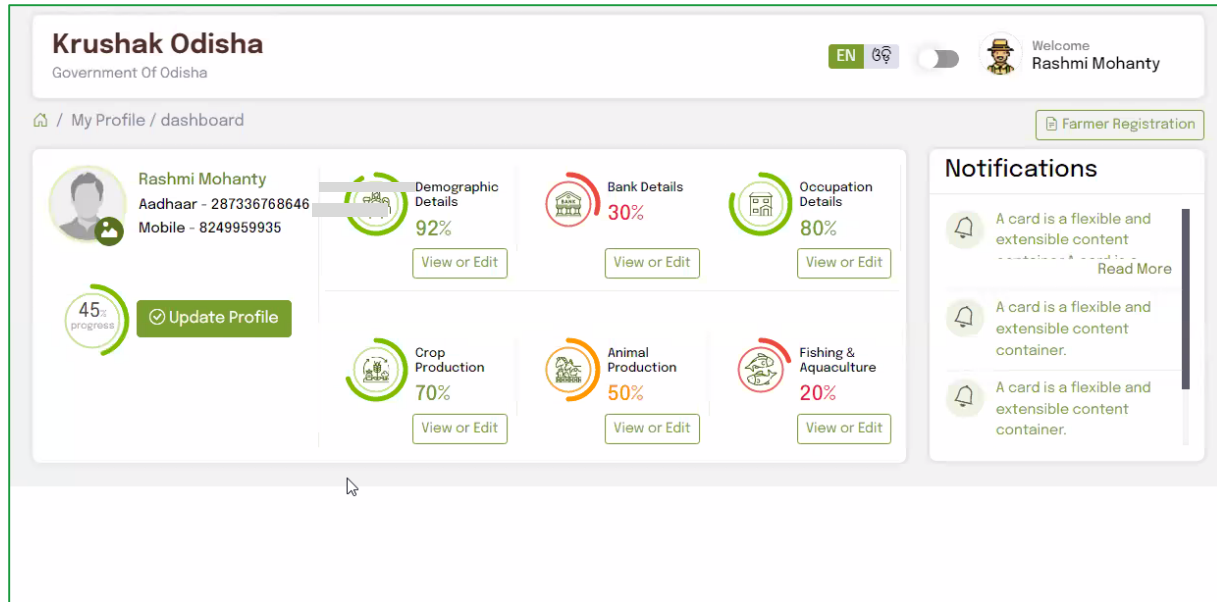

Figure 4-5 Dashboard

To view and manage the details of the user profile after registration, click the Update Profile link in the left menu. This will take you to the following Demographic Details screen, refer Fig. 4-6:

4.2 DEMOGRAPHIC DETAILS

Referring to Fig. 4-6:

The screenshot displays the 'Demographic Details' form in the Krushak Odisha portal. The user is Sonali Nayak. The form fields are as follows:

- Applicant Name:** Sonali Nayak
- Aadhaar Number:** [Redacted]
- Gender:** Female, Male, Transgender
- Date of birth (As per Aadhaar):** 19/02/20
- Mobile No.:** [Redacted] (Verified)
- Marital Status:** Married
- Social Category:** General
- Secondary Mobile number:** [Redacted]
- Own Mobile:** Yes, No
- Residential Address:**
 - District:** ANGUL
 - Block/NAC/ULB:** ATHAMALLIK
 - Gram Panchayat/Ward:** KATAPADA
- Village:** Gopinathapur
- Address:** Rudrapur, Bharat Villa (Characters Remaining 22/200)

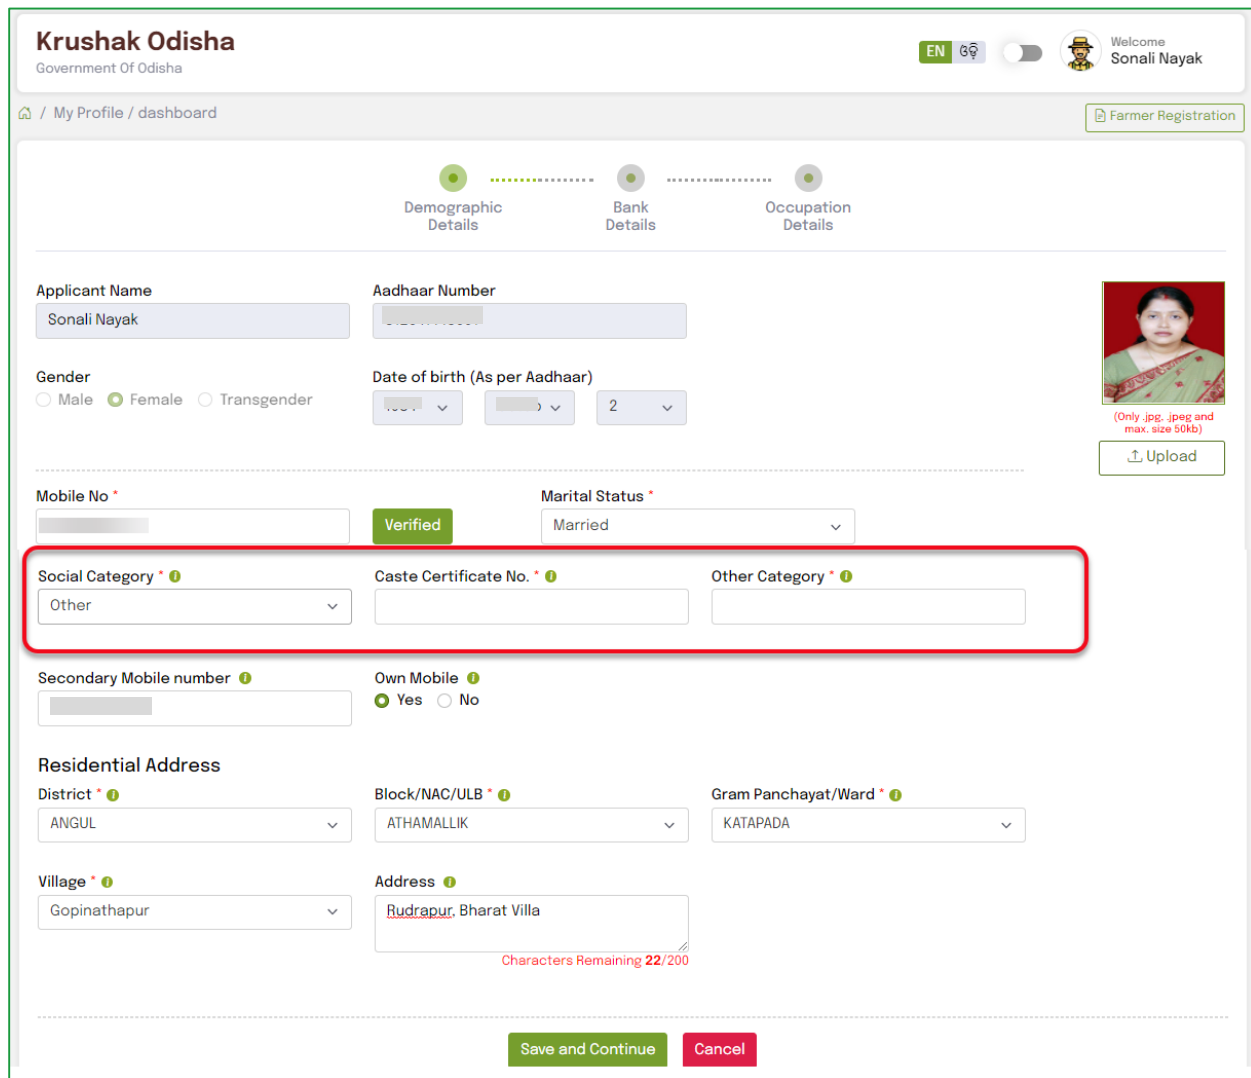

At the bottom of the form, there are two buttons: 'Save and Continue' and 'Cancel'.

Figure 4-6 Demographic Details (1)

- The Applicant Name, Aadhaar Number, Gender, Date of Birth and Mobile number of the user is auto-populated as provided during registration.
- Scan and upload a recent photograph of the farmer which should be only in jpg or jpeg and not exceeding the size of 50kb.
- Select the Marital Status of the user, i.e. either Single, Married, Widowed, Divorced or Separated.
- Select the category of caste to which you belong from the Social category drop down menu.
 - The Social Category can be either General, SC, ST, OBC or Others.
 - If the Social Category is chosen as SC, ST or OBC, then you need to provide the Caste Certificate number in the space provided.

Social Category *  Caste Certificate No. * 

- In case Social Category is chosen as Other, then you need to provide the Caste Certificate No. issued to the farmer in the textbox given followed by mentioning the name of the Other Category as highlighted in Fig. 4-7 below:

Figure 4-9 Bank Details Screen

- Enter the IFS Code of the bank wherein the user holds its account in the textbox given.
- The Branch and the Bank name gets auto-filled in the respective fields as per the IFS code entered.
- Enter the Account Number of the user followed by providing the name of the Account Holder.
- Select the Nature of Account existing in the bank, i.e. either Current, Savings or Jan Dhan.
- Select the relation of the account holder with the Farmer from the drop down menu.
- Click the Save and Continue button to save the bank details of the farmer and proceed further.

Doing so, the system gives an alert message whether you want to proceed for registration with the given details or not.

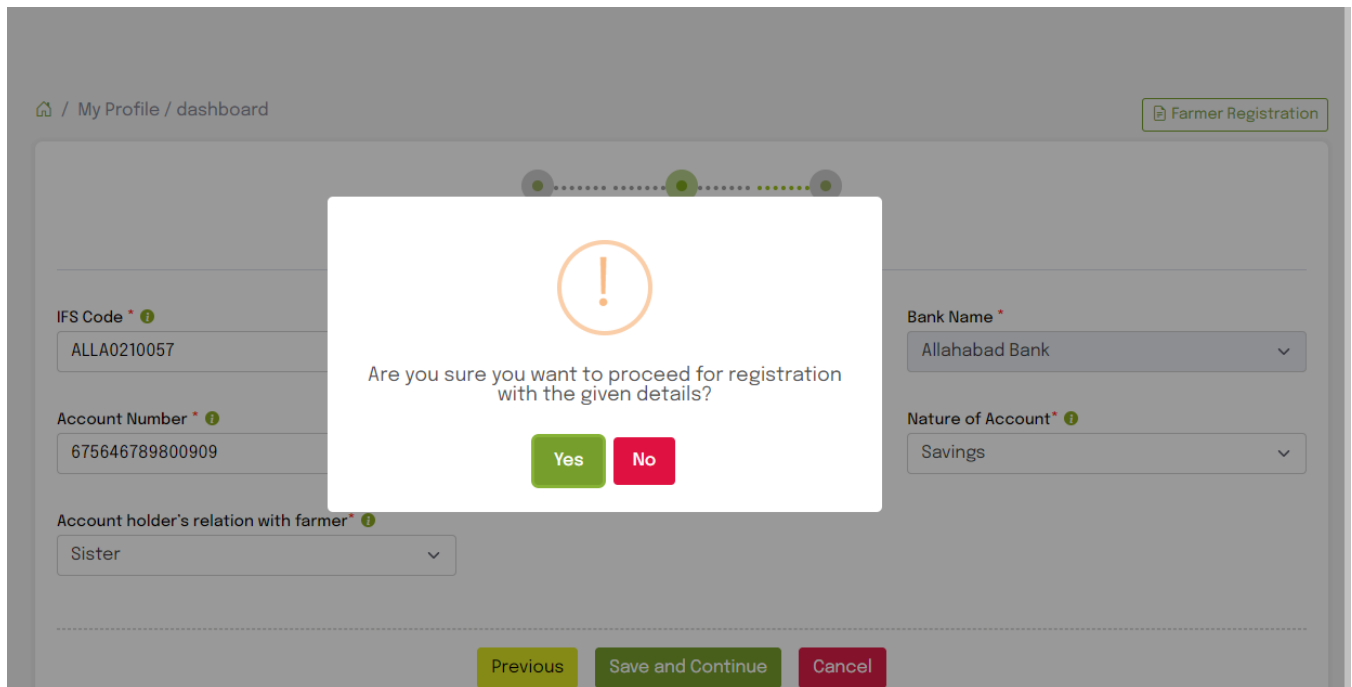

Figure 4-10 Alert Screen

Click Yes to proceed for the registration with the given details.

The system gives a message that the Bank information is updated successfully. Refer Fig. 4-11:

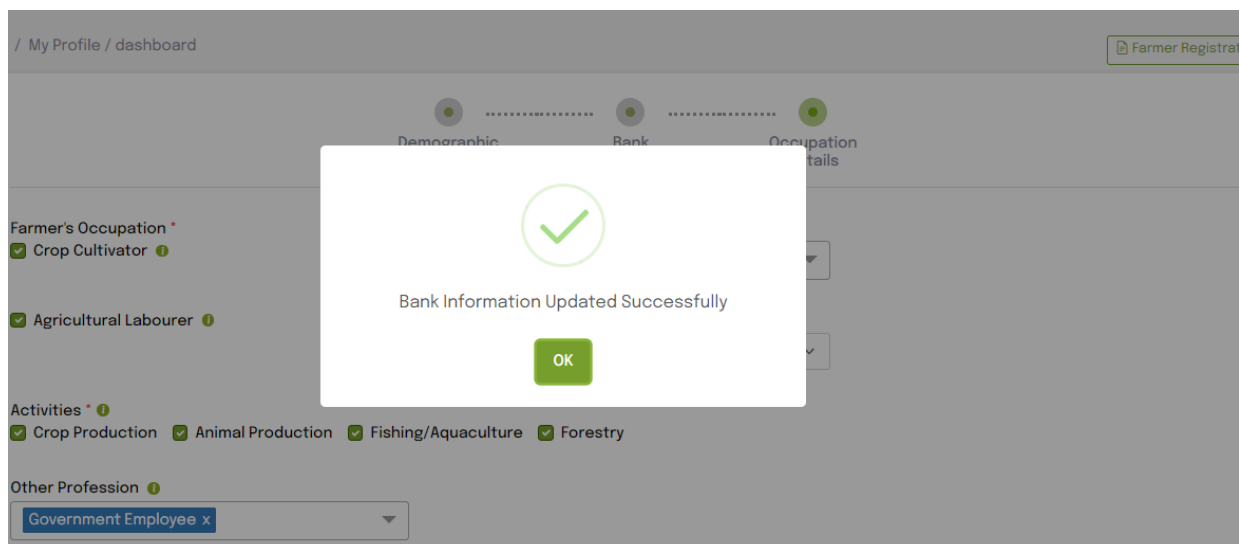

Figure 4-11 Success Message Screen

Click OK to proceed to the Occupation Details screen.

4.4 OCCUPATION DETAILS

On saving the bank details of the farmer, you can proceed to add and update the occupational details, refer Fig. 4-11:

The screenshot displays the 'Occupation Details' screen within the Krushak Odisha Government Of Odisha portal. The user is logged in as Deepak kumar muduli. The page shows a progress indicator with three steps: Demographic Details, Bank Details, and Occupation Details. The Occupation Details section is active and contains the following fields:

- Farmer's Occupation ***: A checked checkbox for 'Crop Cultivator' and an information icon.
- Type of Crop Cultivator ***: A dropdown menu with 'Land Holder' selected.
- Agricultural Labourer ***: A checked checkbox and an information icon.
- Type of Agricultural Labourer ***: A dropdown menu with 'Main' selected.
- Agricultural Activities ***: Four checked checkboxes for 'Crop Production', 'Animal Production', 'Fishing/Aquaculture', and 'Forestry'.
- Other Profession ***: A dropdown menu with 'Government Employee' selected and an 'x' icon.

At the bottom of the form are three buttons: 'Previous' (green), 'Save and Continue' (green), and 'Cancel' (red).

Figure 4-12 Occupational Details Screen

- Choose the type of Farmer's Occupation to be taken up by the farmer, i.e. Crop Cultivator and Agricultural Labourer.
 - Selecting the appropriate options, will lead you to select for the type of Crop Cultivator or Agricultural Labourer.
- Choose the types of Agricultural Activities involved i.e. Crop Production, Animal Production, Fishing/Aquaculture and Forestry.
- Select the Other Profession taken up by the farmer from the list of options provided.
 - Here the system allows you to select multiple options for Other Profession of the farmer.
- To verify the farmer data entered, click the Previous button. This will take you to the bank details and demographic details screen.
- To save the data entered and proceed further towards completion of the process, click the Save and Continue button.

Doing so, the system gives an alert message whether you want to proceed for registration with the given details or not.

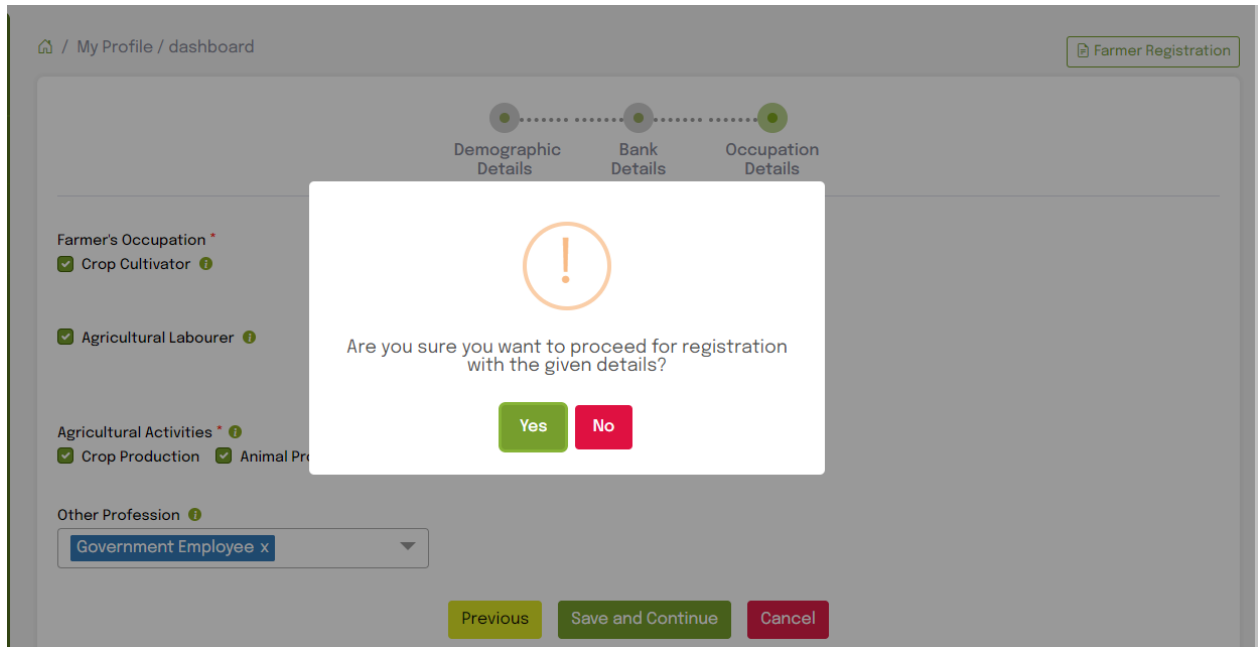

Figure 4-13 Alert Screen

Click Yes to proceed to complete the registration process.

Once saved, you will be navigated to each of the Agricultural activities screen as follows wherein all data needs to be selected from the respective fields-

4.5 CROPPING LAND DETAILS

Landing onto the Cropping Land Details screen as shown in Fig. 4-14, enter the details of the crop grown in the respective fields-

For the various types of Fishery heads displayed, i.e. Freshwater, Brackish or Marine, select the checkbox against the respective heads from the menus provided which is applicable for the farmer.

If the Freshwater fishery type is selected, then-

- Select the type of freshwater fishery type, i.e. Capture
- Type of water body for the freshwater fishery, i.e. Lake, pond, etc.
 - Here, you have the choice to choose multiple options.
- Select the Type of boat that can sail in the water body, i.e.
 - Traditional motorized boats
 - Non-motorized boats
 - Enter the number of boats that can be accommodated against each of the selected boat type.
 - Fishing without boat
- Select the type of freshwater fishery type, i.e. Culture
 - No. of ponds in the respective water body
 - Total area under the Ponds (Acre).

Similarly, in the Brackish fishery type section-

- Select the type of Brackish fishery from the options given, i.e. Capture
- Select whether Fishing is possible in the Chilika Lagoon or not.
- Type of boat that can sail in the water body, i.e.
 - Traditional motorized boats
 - Non-motorized boats
 - Enter the number of boats that can be accommodated against each of the selected boat type.
 - Fishing without boat
- No. of ponds in the respective water body, i.e. Culture and
- Total area under the Ponds (Acre).

In the Marine Fishery type,

- Select the Type and number of Boats that can be accommodated in the respective fishery type, i.e.
 - Traditional motorized boats
 - Non-motorized boats
 - Trawlers
 - Enter the number of boats that can be accommodated against each of the selected boat type.

- Fishing without boat

Save and Continue to the next screen for further data input.

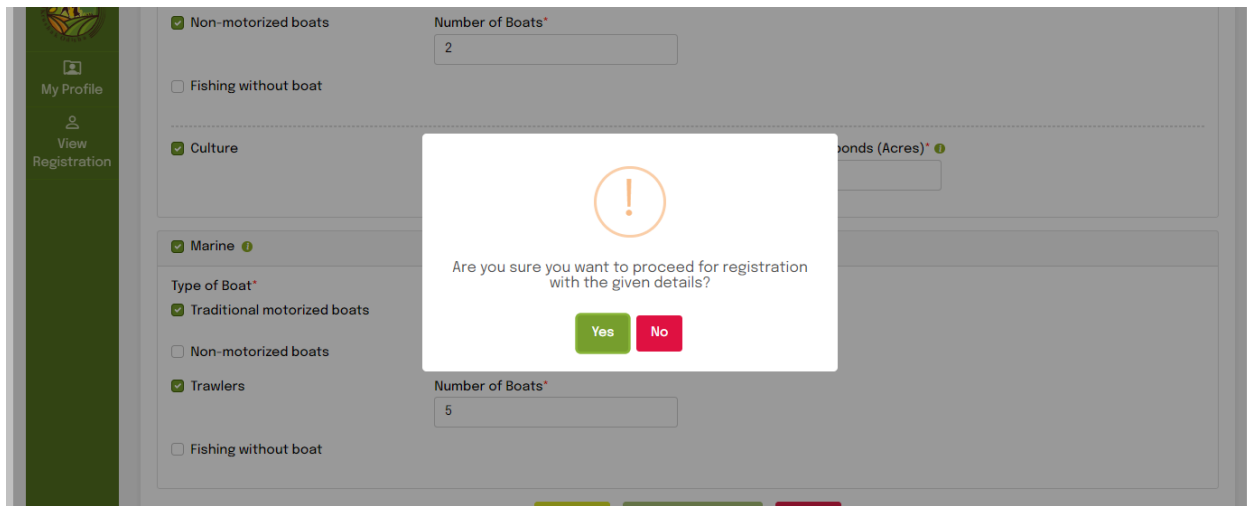

The image shows a mobile application interface for registration. On the left is a dark green sidebar with icons and text: 'My Profile', 'View', and 'Registration'. The main area is a registration form with several sections. The first section has a checked checkbox for 'Non-motorized boats' and a text input field for 'Number of Boats*' containing the number '2'. Below it is an unchecked checkbox for 'Fishing without boat'. The second section has a checked checkbox for 'Culture' and a text input field for 'lands (Acres)*'. The third section has a checked checkbox for 'Marine' with a help icon. Underneath, it asks for 'Type of Boat*' with three options: 'Traditional motorized boats' (checked), 'Non-motorized boats' (unchecked), and 'Trawlers' (checked). Below this is another 'Number of Boats*' input field containing the number '5'. At the bottom of this section is an unchecked checkbox for 'Fishing without boat'. A white alert dialog box is centered over the form, featuring an orange exclamation mark icon and the text: 'Are you sure you want to proceed for registration with the given details?'. At the bottom of the dialog are two buttons: a green 'Yes' button and a red 'No' button.

Figure 4-20 Alert Message Screen

Thus, the Fishing and Agricultural record is inserted successfully.

Click Yes to proceed to complete the registration process.

Once saved, you will be navigated to Forestry screen as follows wherein all data needs to be selected from the respective fields.
